## ACROSS AUSTRALIA 4-Wheel Drive Tour

## ACROSS AUSTRALIA

**Hamelin Pool, WA to Byron Bay, NSW**

This is one of the most amazing 4WD tours we offer. Coast to Coast across a continent by four wheel drive. Leaving the westernmost point of Australia at Steep Point we head off on the adventure of a lifetime on our way to the easternmost point in Byron Bay.

This trip is full of incredible scenery, awesome gravel roads and windy tracks, desert crossings, bulldust holes and rugged outback towns! So, if you have a sense of adventure, and want bragging rights to last a lifetime, maybe you should clear your calendar for this one. Discover the Birdsville Pub, one of the greatest outback drinking establishments in Australia! Drive your 4WD across the Simpson, Great Victoria, Gibson and Little Sandy Deserts all in the same week. Enjoy stunning vistas of Uluru (Ayers Rock) and the biggest night sky on earth. Drive for days on end without seeing another person. Conquer 'Big Red', the biggest sand dune in Australia. Drive to the geographical centre of Australia. See the amazing 'Abandoned' section of the Gunbarrel Highway. Drive to the most remote parts on Earth!

On this expedition you see the 'Real Australia'. There are no tourist buses where we take you. You will visit places only a few lucky people have ever seen. We are the original Across Australia tour operator and one of the only tour companies with a permit to cross the Simpson Desert. You won't find this experience offered anywhere else.

**Terrain** 90% Dirt, 10% Bitumen
